Version 1.4 - July 2021

ENGLISH

Welcome to **SAITAMA INU**, a community-driven platform that promotes global financial wellbeing by empowering the youth to be in control of their money and create their own wealth opportunities.

THE OPPORTUNITY

Young people inherited a broken world with multiple crises that need to be solved by their generation in order to become sustainable. They believe that taking control of their lives is the first step to make change.

But to do that, they will need to understand how money works, and that is neither taught at home nor at school. 93% of the Gen Z say they feel confused or frustrated when the subject is finance. With debts to pay, lifetime goals and dreams to achieve, they must attain financial wellbeing and become comfortable with money and their economic status.

This is where **SAITAMA INU** comes in, providing content that teaches them how money works while they invest, opening opportunities for wealth creation. Our goal is to foster human connection through financial literacy filling this gap in the crypto and financial market and preparing the next generation of investors.

HOW IT STARTED

With this vision in mind, our creator launched **SAITAMA INU (\$SAITAMA)** in May 2021. A passionate community of believers soon started to take shape as the first investors and crypto enthusiasts joined together.

However, due to reasons of force majeure, our creator had to depart to focus on his personal life, thus renouncing the ownership of the project and handing it over to the community.

Following this event, a group of committed individuals who found the goal valuable and impactful, took over **SAITAMA INU** and continued developing it into a platform that will change people's lives forever.

WHY WE LOVE THE PROJECT

So is **SAITAMA INU** just for the young investor?

Of course not, it's actually quite the opposite.

SAITAMA INU is an opportunity for anyone to invest in a better future, connecting cultures and races across continents to blockchain innovation. Parents can invest to educate and prepare their children, teachers can use the **SAITAMA INU** platform to add value to their classes. Investors and crypto-enthusiasts of all ages concerned with the longtail impact of their investments and also looking for passive income will find it in **SAITAMA INU**.

Here's why we believe in our mission of transforming the world by bringing financial wellbeing to the youth:

- **Gen Z will soon have the biggest power of purchasing in history;**
- **They are pragmatic and financially-minded, but they miss financial education;**
- **Only 10% feel confident managing their finances and 76% are interested in learning it;**
- **Most of their lives will be spent in a world changed forever by DeFi;**
- **Their digitally native lifestyle has given them a step up in using technology, which means they can adopt cryptocurrencies at a faster rate than other generations;**
- **23% more people are using peer-to-peer payments than prior to the pandemics, and Gen Zers are the ones driving this;**
- **They are community builders and natural born communicators, advocating for ideas they trust;**
- **Empowering the youth to take control of their lives is a long term investment in the future of our planet.**

INSPIRATION BEHIND THE BRAND

Our brand and token name took inspiration from the legend of a mysterious "ghost dog" that is said to be roaming the mountains in the region of Saitama in Japan. Multiple sightings have been documented through the centuries, and the Mitsumine Shrine in Chichibu is dedicated to the wolf-like beast, revering it as a guardian against misfortune.

The **SAITAMA INU** character is seen wearing the fur of the animal, making him spiritually connected to the ghost. A popular anime by Studio Ghibli also took inspiration from this legend. And just like in the legend, we want the **SAITAMA INU** brand to grow and establish itself as the guardian of good fortune.
